Currency exchange impacts daily life

Absolutely — currency exchange affects **everyone's daily life**, not just traders or travelers. Here's

Forex offers profit chances

Exactly — one of the biggest reasons people are drawn to **Forex trading** is its potential to generate profits from global currency movements.

WHY FOREX TRADING

Forex trading (short for *foreign exchange trading*) is the process of buying and selling currencies to profit from changes in their value. It's the largest financial market in the world — with over **\$7 trillion traded daily**.

HOW FOREX TRADING WORKS

Forex traders aim to profit from the **difference in exchange rates** between two currencies. When one currency strengthens against another, traders can buy low and sell high — or sell high and buy back lower.

01

Trade currencies in pairs

In the **Forex market**, currencies are always traded in **pairs** — because the value of one currency is always compared to another.

02

Profit from price changes

In the Forex market, traders earn profits by taking advantage of **changes in currency prices**. Each currency pair's
